SCHOOL-COMMUNITY RELATIONS GOALS

The Freetown-Lakeville School District Committees believe that the public schools belong to the people who created them by consent and support them by taxation, and the support of the people must be based on their understanding of and their participation in the aims and efforts of the schools. Therefore, the Committees declares their intent:

1. To keep local citizens regularly and thoroughly informed through all available channels of communication on the policies, programs, problems, and planning of the school system, and to carry out this policy through its own efforts, those of the Superintendent, and such information officers as may be appointed.
2. To solicit the studied counsel of the people through an advisory committee selected from the community and appointed to consider problems that vitally affect the future of our children.

SCHOOL/PARENT RELATIONS GOALS

It is the general goal of the District to foster relationships with parents that encourage cooperation between the home and school in establishing and achieving common educational goals for students.

While parents are individually responsible for their children, the District provides direct services of education and indirect services of child care for students during the time when they are within the supervision of school personnel. Consistent with these shared responsibilities and as appropriate to the maturity of the student, members of the school staff will consult with parents regarding student progress and achievement, methods to enhance student development, and matters of correction.

Additionally, parental involvement in the schools is encouraged through regular communication with the school Principal and staff, the parent/teacher organizations, the school volunteer program, and other opportunities for participation in school activities and District programs.

NON-CUSTODIAL PARENTS' RIGHTS

As required by Massachusetts General Law Chapter 71, Section 34H, a non-custodial parent may have access to the student record in accordance with law and Department of Education Regulations. The school district will follow the law and the regulations developed by the Massachusetts Department of Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their children ("non-custodial parents").

As required by M.G.L. c. 71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions.

- (a) A non-custodial parent is eligible to obtain access to the student record unless the school or district has been given documentation that:
 1. The parent has been denied legal custody or has been ordered to supervised visitation, based on a threat to the safety of the student and the threat is specifically noted in the order pertaining to custody or supervised visitation, or
 2. The parent has been denied visitation, or
 3. The parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record, or
 4. There is an order of a probate and family court judge which prohibits the distribution of student records to the parent.
- (b) The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).
- (c) In order to obtain access, the non-custodial parent must submit a written request for the student record to the school principal.
- (d) Upon receipt of the request the school must immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).
- (e) The school must delete all electronic and postal address and telephone number information relating to either work or home locations of the custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school.
- (f) Upon receipt of a court order which prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

RELATIONS WITH PARENT ORGANIZATIONS

To foster relationships with parents that encourage the home and school to work together to establish and achieve common educational goals for students, the Superintendent and the professional staff will:

1. Consult with and encourage parents to share in school planning and in setting objectives and evaluating programs.
2. Help parents understand the educational process and their role in promoting it.
3. Provide for parent understanding of school operations.
4. Provide opportunities for parents to be informed of their child's development and the criteria for its measurement.

To accomplish the above and to enhance communications between parents and school officials, the Committee encourages the maintenance of formal parent organizations at each school building. For this purpose the Committee will officially recognize a parent organization at each building.

PUBLIC GIFTS TO THE SCHOOLS

The Superintendent will have authority to accept gifts and offers of equipment for the schools in the name of the Committee when the gift is of educational value. In the case of gifts from industry, business, or special interest groups, no extensive advertising or promotion may be involved in any donation to the schools.

Gifts that would involve changes in school plants or sites will be subject to School Committee approval.

Gifts will automatically become the property of the school system. Any gift of cash, whether or not intended by the donor for a specific purpose, will be handled as a separate account and expended at the discretion of the Committee, as provided by law.

The Committee directs the Superintendent to assure that an appropriate expression of thanks is given all donors.

PUBLIC'S RIGHT TO KNOW

The Freetown-Lakeville School Committee is a public servant, and its meetings and records will be a matter of public information except as such meetings and records pertain to individual personnel and other classified matters.

The School Committee supports the right of the people to know about the programs and services of their schools and will make every effort to disseminate information. All requests for information will be acted on fairly, completely and expeditiously.

The official minutes of the Committee, its written policies and regulations, and its financial records will be open for inspection at the office of the Superintendent by any citizen desiring to examine them during hours when the office is open. No records pertaining to individual students or staff members will be released for inspection by the public or any unauthorized persons by the Superintendent or other persons responsible for the custody of confidential files. The exception to this will be information about an individual employee (or student) that has been authorized in writing for release by the employee (or student, or student's parent).

Each building administrator is authorized to use all means available to keep parents and others in the particular school's community informed about the school's program and activities.

REPRODUCTION OF PUBLIC RECORDS

There will be a \$1.00 fee to the general public for the location and reproduction of a single page of public records. Any additional pages located and reproduced as a part of the same request will be charged at the rate of \$.20 for photocopies and \$.50 for computer printouts per page.

A per page fee for the reproduction of a public record which is in accordance with the public record law, will be charged to the general public. All requests for reproduction of public records will be made in writing. Copies will be supplied as soon as practicable, without unreasonable delay, and within ten (10) days. A cost, in accordance with the public record law, may also be charged for the time it takes to search for the record, remove any exempt data, photocopy the record and re-file it. The charge for this process must be the prorated hourly wage of the lowest paid employee capable of performing the task. An estimate of the cost will be provided at the time of the request. The cost estimate must be paid in cash or by money order prior to the performance of the service. Any cost adjustments will be made when the record is turned over to the requester.

Parents requesting copies of student records may receive them by paying the fee per copy as indicated above. No location fee will be charged.

NEWS MEDIA RELATIONS/NEWS RELEASES

Every effort will be made to assist the press and other communications media to obtain complete and adequate coverage of the programs, problems, planning, and activities of the school system.

All representatives of the media will be given equal access to information about the schools. General releases of interest to the entire community will be made available to all the media simultaneously. There will be no exclusive releases except as media representatives request information on particular programs, plans or problems.

In order that school system publicity is given wide coverage and is coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media:

1. The School Committee chairman will be the official spokesman for the Committee, except as this duty is delegated to the Superintendent.
2. News releases that are of a system-wide or a sensitive nature or pertain to established Committee policy are the responsibility of the Superintendent.
3. News releases that are of concern to only one school, or to an organization of one school, are the responsibility of the Principal of that particular school. All statements made to the press by other staff members of the particular school must be cleared with the Principal.

While it is impossible to know how news releases will be treated by the press, every possible effort should be made to obtain coverage of school activities that will create and maintain a dignified and professionally responsible image for the school system.

PUBLIC COMPLAINTS

Although no member of the community will be denied the right to bring their complaints to the Committee, they will be referred through the proper administrative channels for solution before investigation or action by the Committee. Exceptions will be made when the complaints concern Committee actions or Committee operations only.

The Committee believes that complaints are best handled and resolved as close to their origin as possible, and that the professional staff should be given every opportunity to consider the issues and attempt to resolve the problem prior to involvement by the Committee. Therefore, the proper channeling of complaints involving instruction, discipline or learning materials will be as follows:

1. Teacher
2. School building administrator
3. Superintendent
4. School Committees

If a complaint, which was presented to the Committee and referred back through the proper channels, is adjusted before it comes back to the School Committee, a report of the disposition of the matter will be made to the Committee and then placed in the official files.

Matters referred to the Superintendent and/or School Committee must be in writing and should be specific in terms of the action desired.

The Committee expects the professional staff to receive complaints courteously and to make a proper reply to the complainant.

PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The Freetown-Lakeville School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognize the need and right of students to free access to many different types of books and materials. They also recognize the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals.

Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent requests that his/her own child not read a given book, the teacher and/or school administrator should resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply however, to basic program texts and materials that the Committee has adopted.
2. The Committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use:
 - a. The person who objects to the book or other material will be asked to sign a complaint on a standard form on which he/she will document his/her criticism.
 - b. Following receipt of the formal complaint, the Superintendent will provide for a reevaluation of the material in question. He/she will arrange for the appointment of a review committee from among the faculty to consider the complaint.
 - c. The Superintendent will review the complaint and the committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, he/she may appeal it to the Committee.

In summary, the Committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents with respect to controversial materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.

COMMUNITY USE OF SCHOOL FACILITIES

It is the Freetown-Lakeville School Committee's desire that maximum use of school property be enjoyed by the townspeople. It is the Committee's intent that such use will maintain safe conditions and preserve the property for school program use.

Use of school buildings and other facilities by organizations will be permitted only when a worthy educational, civic, or charitable purpose will be served; or a substantial group of citizens from the community will be benefited.

School facilities will be used according to the regulations and rental fee schedules recommended by the Superintendent and approved by the School Committee.

Permission for the use of facilities must be obtained through the office of the Superintendent of Schools, where applications are available for this purpose.

ADVERTISING IN THE SCHOOLS

No advertising of commercial products or services will be permitted in school buildings or on school grounds or properties unless approved by the building Principal. Publications of the school system will not contain any advertising. However, this will not prevent advertising in student publications that are published by student organizations, subject to administration controls, or the use of commercially-sponsored, free teaching aids if the content is approved by the administration.

Solicitation of sales or use of the name of the school system to promote any product will not be permitted by the Committee.

SALES BY COMMERCIAL VENDORS

Outside commercial vendors will not be permitted to sell food articles or other products on the school campus. Policy applies whether or not school is in session and whether or not any activity or sporting event is in progress.

VISITORS TO THE SCHOOLS

The Freetown-Lakeville School Committee encourages parents and guests to visit classrooms to observe and learn about the instructional programs taking place in our schools. Such visits can prove most beneficial in promotion of greater school-home cooperation and community understanding of how we carry out the school system's mission and goals.

Visits by parents to several classrooms in a given grade for the purposes of comparing teaching styles to provide a basis for a request for student assignment to a particular teacher are strongly discouraged because the school district's policy of assigning a student to a particular class is the sole responsibility of the building Principal in consultation with the staff of that school.

The following guidelines to classroom and school visits should be followed:

1. Parental requests for classroom visitations will be welcomed as long as the educational process is not disrupted. To this end we request that such requests be made at least forty-eight hours in advance to allow for proper arrangements to be made.
2. The building Principal has the authority to determine the number, times, and dates of observations by visitors. This will be done in consultation with staff members so as to give adequate notice to the staff members of the impending visits.
3. For security purposes it is requested that all visitors report to the Principal's office upon entering and leaving the building and sign a guest log showing arrival and departure times. Teachers are encouraged to ask visitors if they have registered in the Principal's office.
4. Under ordinary circumstances classroom observations will be strongly discouraged during the first three weeks of school in September and during the month of June.
5. Any student who wishes to have a guest in school **MUST** ask permission of one of the administrative staff **24 HOURS** in advance of the proposed visit. If permission is granted, the guest is expected to follow the standards of behavior expected of all students. Upon arrival the guest must register in the office. Any guest who fails to comply with student regulations will be asked to leave the school building and grounds immediately.

RELATIONS WITH BOOSTER ORGANIZATIONS

The Freetown-Lakeville School Committee recognizes that the endeavors and objectives of booster organizations and similar groups can be a valuable means of stimulating interest in and endorsement of the aims and achievements of our public school system.

Generally, actions initiated by boosters provide the atmosphere and climate to foster and encourage community-school relationships.

Booster-proposed plans, projects, or activities must be evaluated and promoted in light of their stated contribution to the academic as well as the athletic and fine arts programs of the schools. Care must be taken to avoid compromising or diluting the responsibilities and authorities of the School Committee.

RELATIONS WITH POLICE AUTHORITIES

Cooperation with law enforcement agencies is essential for the protection of students, for maintaining a safe environment in the District schools, and for safeguarding all school property.

Relationships between the schools and officials of law enforcement agencies in investigative matters concerning pupils will take into consideration the respective roles of the schools and law enforcement agencies in assisting and protecting the interests of the community, and ensuring the rights of all concerned.

The School Committee also recognizes the potential enrichment that law enforcement agencies can make in the educational program.

Efforts should be made to develop and maintain a healthy attitude toward law enforcement agencies and personnel to promote better understanding and communication.

RELATIONS WITH PLANNING AUTHORITIES

The Freetown-Lakeville School Committee will participate in local and state planning functions that could directly affect District schools and their immediate environment.

The Superintendent or designee will keep the School Committee informed of planning matters bearing directly on the operation of District schools or school-sponsored programs, and will undertake action on behalf of the School Committee to influence matters in the best interests of the students, the schools and the District.

RELATIONS WITH LOCAL GOVERNMENTAL AUTHORITIES

The Freetown-Lakeville School Committee and its administrative officers welcome all who seek to serve the residents of the community and will participate with them in the planning and execution of such projects as will be mutually beneficial for students.

It is School Committee policy that administration inform elected and appointed officials of the local and county government of the desire to work cooperatively for improved services.
