

Nurses' Nook - Snow Safety...

As we get older we often seem to like this white stuff less and less but the kids love it. But the excitement in the eyes of a small child when it is snowing is a sight to behold! Although this nurses' nook would have been more timely if sent out last week, Mother Nature had something to say about that. Anyway, this is New England early in the winter so we will likely have more snow. Here is a link to some [safe snow playing tips](#) for your children to enjoy themselves outside. In addition we adults need to keep safe while moving all this white stuff out of our way. Here are some [safe shoveling tips](#) for the adults.

As always please feel free to contact the nurse in your child's school building with any questions/concerns.

Happy winter!
